FREQUENTLY ASKED QUESTIONS

Question: Why a cart?

Answer: Carts are safer, cleaner, have attached covers, have greater stability, are more impervious to animals and insects and provide for a cleaner and more attractive looking neighborhood.

Question: What do I do with my old garbage cans and recycling bins?

Answer: Old cans and bins may be placed inside the green refuse cart for disposal. If for any reason your old can does not fit inside the cart simply place a note on the can requesting that it be discarded and the driver will throw it away. (Residents are not required to purchase their own garbage cans.)

Question: Do I need to place my recycling cart out for pickup every week?

Answer: No, because your recyclables are a clean commodity and don't represent a health hazard or odor problem you may place your recycling cart out for collection as often or infrequently as you like.

Question: Does all the refuse and recycling material I set out for collection have to be contained in either my refuse cart or recycling cart?

Answer: Yes. The only exception is bulk items that are too big to fit in the cart (furniture, mattresses, old bikes, etc.).

Question: What if I have extra material for some reason?

Answer: If you fully utilize your recycling cart and properly recycle, your 95 gallon refuse cart should easily accommodate all your refuse needs. Other ways to increase the amount of useable space in your cart would be to compact the material and puncture any plastic bags before placing them in the cart thereby eliminating wasted air space. On the occasion when you find yourself with excess material you may use a smaller plastic bag or garbage can and must affix one sticker to each bag and can set out for collection. If you find yourself continually struggling with excess material, you may request an additional cart for a monthly fee, by simply calling Republic Services at (847) 429-7370. You will be billed directly for the extra cart.

Question: Will there be any changes to the yardwaste program?

Answer: No, you may still use bio-degradable paper bags. Please remember that all yardwaste bags must be less than 33 gallons in size and 50 pounds in weight. You may also request a separate yardwaste cart, for a seasonal fee and one-time drop off charge by simply calling Republic Services at (847) 429-7370.

Question: Who do I call if I have questions or my cart is not picked up?

Answer: Call Republic Services at (847) 429-7370. Their Customer service department is staffed with live operators between the hours of 7:00 a.m. and 5:00 p.m., Monday through Friday and from 8:00 a.m. to 12:00 noon on Saturday.

Question: Can I put my address on my cart?

Answer: No, but each cart has a unique serial number imprinted on the side that can be recorded so that you know which cart is yours. Excessive labeling of the carts tends to give the neighborhood a careless look and gives the appearance of graffiti.

Question: What if my cart is severely damaged, lost or stolen?

Answer: Notify Republic Services directly and it will be replaced it at no extra charge.
