DISCUSSION CONCERNING OTHER VILLAGE BUSINESS

A. IT Update of Camera System

IT Director Goethals explained that he had been tasked to find alternative solutions to recording and broadcasting the Village Board meetings. He explained the current vendors the Village uses for the recording, editing, and online display and the costs associated with it. The recording and editing was about \$13,800 per year and the online display, which Goethals said also integrates with the Agenda and Minutes links, costs about \$3,600 per year, for a total of \$17,400 per year, with special meetings being an additional amount. Goethals then presented the Board with four options and their detailed costs.

The Trustees and President Skillman discussed the Village's current method of recording. Trustees O'Sullivan and Lawrence inquired about the specific number of online views for the Board Meeting recordings. Trustee Humpfer said the recordings provide transparency to residents. After further conversation, the Board decided that they needed to continue the discussion and not decide upon one of the four options tonight.

B. Retail Strategies Contract Renewal

Economic Director Burke and Community Development Director Huber came to the Board needing direction on if the Board wants to sign for a year two contract with Retail Strategies. They explained that Retail Strategies was hired in January 2017 and what was done in the first year of the contract. The Trustees spoke about tangible results versus intangible results. Trustees O'Sullivan and Lawrence inquired about tying a performance incentive to the year two contract. Trustees O'Sullivan and Humpfer discussed the data that Retail Strategies provides, and whether or not it could be obtained elsewhere at a free or lower cost. At the end, the Board directed staff to try and see if negotiation options were available for the year two contract.

C. Trim-Rite Redevelopment Proposal

Director Burke gave the Board an update on the Trim-Rite redevelopment proposal negotiation. He provided them updated numbers regarding jobs and the expansion size, which were lower than initially thought. President Skillman discussed the positives of the company in the community. Director Huber said the company is still reviewing the redevelopment proposal, so this was an informative update.

D. Pulte

Community Development Director Huber explained how the Village gave Pulte its required notification about the intent to pull its bond since it had not completed the extension of the sanitary sewer, water main, and bike path to the Winchester Glen subdivision as had been part of the annexation agreement in 2005. Director Huber said that Pulte asked if the Village would still allow them to install the three items in question. The Board came to a consensus that staff should not pull the bond, but get a new written agreement with Pulte agreeing to Pulte's installation of the necessary items.

CLOSED SESSION –

Trustee Frost motioned to adjourn to Closed Session, seconded by Trustee Burroway, to discuss Section 2(c)(1) of Open Meetings Act - The appointment, employment, compensation, discipline, performance, or dismissal of specific employees of the public body or legal counsel for the public body, including hearing testimony on a complaint lodged against an employee of the public body or against legal counsel for the public body to determine its validity; Section 2(c)(2) of Open Meetings Act - Collective negotiating matters between the public body and its employees or their representatives, or deliberations concerning salary schedules for one or more classes of employees.
